## Description

This flag is contained somewhere in some file. Can you find this flag?

This challenge was designed to test your ability to use the `man` pages to understand how functions work and successfully and efficiently navigate the Linux terminal.

## Flag

```
flag{hope_you_didnt_solve_manually}
```

## Hints

1. Think about the format of the directory. What types of characters are in the files? What might not be there?

## Solution

```
$ grep -r "flag{" .
```
